

**President's Message:**

Winter has just become a bit tougher on us all, and I'm sure budgets are being significantly strained by now. Salt supplies have been plentiful, yet costly. We need to hope for an early spring with warm temperatures.

WCAMPWA's committee dealing with ConEd patch and restoration concerns continues, and is planning on having yet another meeting with ConEd to show them what the problems are and how they need to respond. Steve Johnson has taken the lead on the committee to gather the information for the next meeting. Please send Steve ([sjohnson@Pleasantville-ny.gov](mailto:sjohnson@Pleasantville-ny.gov)) your problem locations (with photos) and any other item of concern that would be helpful to present to ConEd.

The spring workshop is being finalized so please look out for early registration information, please complete the registration forms and return them early. The list of speakers and topics promise to be very informative.

Also, the Golf Outing has been set for Monday June 28, 2010, details attached.

Hope to see you at the meeting. If there is a weather related cancelation we will do an e-mail blast (from: [information@wcampwa.org](mailto:information@wcampwa.org))

**Benedict Salanitro, PE**  
President

**Dues Notice:**

Attached please find the Dues Notice for 2010. The mailing address has changed.
